

RDC QuickStart™

A Fast and Easy Way to Get Started

QuickStart™ Features

- No Money Down
- No Upfront Costs
- Flexible Payment Terms (24, 36 or 48 months)
- Affordable Financing
- Helps You Conserve Working Capital
- Bundle Hardware, Software and Services into One Monthly Payment
- Match Monthly Expenses with Monthly Savings
- Upgrade to the Latest Scanner at the End of Your Finance Term

Don't let the upfront costs of implementing a remote deposit capture solution stop you from buying a solution. Now with Digital Check's RDC QuickStart™ lease program you can move your project forward without making a large capital investment. Now your monthly RDC expenses will be offset by your monthly RDC savings.

DCC FINANCE

DCC Finance, a division of Digital Check Corp. that offers Financial Institutions and End Users an alternative method for acquiring remote deposit capture solutions.

COMPLETE SOLUTION

RDC QuickStart allows you to wrap all the costs associated with your chosen remote deposit solution into one easy monthly payment. This includes the scanner, software, installation fees and service agreements.

FLEXIBILITY

Financing is available for large purchases all the way down to one scanner. The lease term can be structured to meet your cash flow requirements in terms of 24, 36 or 48 months. End of term options: At the end of your RDC QuickStart term you have three options to choose from:

- Continue to use and pay for equipment on a month to month basis.
- Buy the equipment at FMV at 10% of original cost.
- Upgrade the system to take advantage of new technology and enter into new RDC QuickStart agreement.

CONSERVE YOUR CASH

Month-to-month payments can be easier to approve than outright purchases, while at the same time, limiting the impact on a company's cash flow. You receive the benefits of remote deposit capture and only have to pay for it as you go.

IT IS SIMPLE

Getting started with RDC QuickStart is simple. Once you have chosen your solution, simply follow these four steps:

- 1.) Call 800-678-8666 and request the RDC QuickStart application.
- 2.) Complete and return the application with a quote that lists of the scanners, software and services to be leased to Digital Check.
- 3.) Digital Check will typically approve the application the same day and notify you directly.
- 4.) Sign and return the RDC QuickStart agreement and the solution will be ordered.

Once the lease has been approved you will work directly with your chosen reseller to arrange installation and training. Digital Check will pay your reseller directly per your contract.
