

FEATURE	BENEFIT
<b>THE IDEAL TELLER SCANNER</b>	
<b>Compact Size</b>	The smallest check scanner in its class minimizes valuable desktop space. Feeder and pocket components retract when not in use to further reduce needed desktop space.
<b>High Speed</b>	Capture large deposits quickly at 155 documents per minute.
<b>Ease of use and Superior Paper Handling</b>	Minimize operator training and support issues.
<b>Industry-Leading Image Quality and MICR Performance</b>	Minimize the need for re-scans and data entry.
<b>Durable Design</b>	Will last years without failure or damage due to handling.
<b>IMAGING</b>	
<b>Multiple Image Capture</b>	Captures up to 5 images of differing resolutions at track speed. Facilitates integration of multiple applications with varying image requirements.
<b>MICR/OCR</b>	Complements the MICR reader to provide high read rates, including skewed items.
<b>In-Line OCR A and/or B And Barcode</b>	Reads more than just MICR with ease. Satisfies the need to read multiple fonts. Uses the same device for both check and remittance processing.
<b>Automatic Deskew</b>	Automatically corrects the front and rear images of items that were captured with skew, providing a clean, straight image for processing and archive.
<b>Automatic Reorientation</b>	Automatically flips or rotates images of items inserted upside-down or backwards, eliminating the need to rescan these items.
<b>Region of Interest Thresholding</b>	Provides multiple levels of thresholding (lighter to darker images) to facilitate capture of very low contrast data (e.g. printed money orders).
<b>ENDORSEMENT - SmartSource Pro Elite and Elite 55 only</b>	
<b>Rear 1 to 4 Line Endorser</b>	Choose the level of detail included in endorsement. Eliminates the need for a separate validation device. TrueType fonts and graphic/logo capabilities to facilitate marketing/branding message. Prints receipts and client customized information (i.e. balances, etc.) from scanner.
<b>Ink Options</b>	Manages TCO by selecting from economy, standard, and premium quality endorsements. The SmartSource standard cartridge is "intelligent" to measure ink levels to help reduce waste while ensuring quality printing.
<b>MORE THAN JUST CHECKS</b>	
<b>ID Card Capture</b>	Captures images of ridged item such as ID and health cards
<b>Scan tall documents</b>	Open transport design enables the scanning of taller documents. While only the bottom 4.25 inches are imaged, A5 or even A4 documents can be processed.

<b>Adding Machine Tapes</b>	Images up to six feet of adding machine tape for remote balancing, eliminating the need to transport large deposits.
<b>USER FRIENDLY FUNCTIONALITY</b>	
<b>Low and Hinged Cover Design</b>	Access items anywhere in track to improve operator productivity. Users no longer need to remove covers; saving time and making it less likely that parts will break due to improper user interaction.
<b>Auto-Start (Pro Elite only)</b>	Set your application to automatically close the input hopper flag and begin processing when an item is detected. Hopper flag automatically reopens when input is empty. Facilitates easy document loading with one-handed operation.
<b>SmartClear Button</b>	Effortlessly clear jams from track.
<b>Software Selectable Document Feeding</b>	Software control of document feeding characteristics allows image processing of alternate document types, such as envelopes.
<b>LED Status Indicator</b>	Provides visual indication of scanner status. Communicates with users in the event of exceptions.

**AVAILABLE MODELS**

 <p><b>SmartSource Elite</b></p>	 <p><b>SmartSource Merchant Elite</b></p>	 <p><b>SmartSource ReceiptNOW Elite</b></p>
55 or 155 documents per minute Endorser standard	55 documents per minute No endorser	Matching thermal receipt printer
